Department of Civil Engineering and Architecture
Classroom G3
Via Ferrata 1 (<http://webing.unipv.eu/home/>)

Students' Dormitory: College Camillo Golgi
Via Aselli 43
27100 Pavia
(www.golgi.edisu.pv.it)

Professors' Dormitory: Colleges managed by EDiSU (to be confirmed)

Topic: REFUEL (REgeneration For UnivErsity Life) is an international design workshop focused on a building of the University of Pavia and its sport facilities around; the students have to define the new destination of this University space, taking into account that the academic life changes quickly. They have to find new function for the existing building and a new volume for other academic activities.
