

Can I apply for Erasmus Study Mobility if I benefitted from Erasmus Traineeship Mobility?

Students participated in Erasmus Traineeship Mobility can also apply for Erasmus Study Mobility. However when calculating the Erasmus Score, 10 points are deducted for each Erasmus Mobility (Study&Traineeship) within the same education level. The total duration of your Erasmus Mobility (Study&Traineeship) within the same education level should not exceed 12 months.

Am I deemed to deserve a grant if I am placed at a university within the Erasmus Study Mobility?

No. The placement process of our applicants are completed first. The grant allocation is done once the Erasmus grant agreement is signed between our Institution and the Turkish National Agency.

Can I benefit from Erasmus Study Mobility Programme once with a grant?

It is possible for a student to re-apply for a grant. However the total duration of your Erasmus mobility (Study&Traineeship) should not exceed 12 months. In addition, 10 points are deducted for each previous Erasmus Mobility (Study&Traineeship) within the same education level.

Can first year students benefit from the programme?

Yes.

How should I answer to the questions on the Foreign Language Information Page of the Online Application Form?

Do not answer any questions on this page. Simply press the “PROCEED” button.

After the applications are closed, our students will be directed to take the Erasmus English Exam, which will be administered by the IZTECH School of Foreign Languages. Detailed information regarding the Central Erasmus English Exam (venue, date, session information) will be provided in the coming days.

Students who took the Erasmus English Exam administered by the İYTE School of Foreign Languages on 11 April 2025 may, if they wish, also take the English Exam in 2026. For students who take both exams, the highest score will be considered. The minimum passing score for the English Exam under the Study Mobility Program is 50/100 for both exams. To be evaluated in the placement lists, a minimum score of 50/100 is required.

Once the results of the Erasmus English Exam administered by İYTE YDYO in 2026 are announced, the English Exam scores will be uploaded to the TurnaPortal Online Application System by our office. The English Exam scores from the 2026 and 2025 YDYO Erasmus English Exams will be uploaded together into the system. If a student took the YDYO Erasmus English Exam in 2025 as well, the system will consider the higher score.

English Exam scores from the YDYO Erasmus English Exams taken in 2024 or earlier are not valid.

Other English Exam scores (TOEFL, YÖKDİL, KPDS, etc.) will not be accepted.

How can I finalise my application?

- On the confirmation page, once you have reviewed your information thoroughly and are confident it is correct, you must click the “COMPLETE APPLICATION” button. Otherwise, your application will be considered invalid.
- Before clicking “COMPLETE APPLICATION,” you can use the “BACK” button to revisit the relevant pages and correct any errors.
- Once you are sure of the accuracy of your application form, you must click the “COMPLETE APPLICATION” button by the final application deadline. Any actions taken after the final application deadline will be considered invalid.

How can I cancel my application?

- Students who have applied for the Study Mobility Program can cancel their applications by DELETING them from the system until 16.00 on 02 April 2026, which is the application deadline.
- After 16.00 on 02 April 2026, no cancellation can be made until the final Study Mobility Placement Lists are announced.
- Once the final Study Mobility Placement Lists are announced, students who wish to cancel their study applications may do so.

Should I select all 5 university preferences in the online application form?

You can choose up to five university preferences; you are not required to fill in all five.

What should I do if I can not log into the TURNAportal online application form?

You will have access to the online application form starting from March 17, 2026. If you can not log into the application form after March 17, 2026 send an e-mail to your Erasmus Advisor in the International Relations Office.

We also recommend you not to submit your application on the last day of the application period (April 2, 2026) due to the possible density in the system.

Should I upload my transcript of records on the TURNAportal online application form?

Your cumulative grade point average (cGPA) as of your most recent term will be automatically transferred to your application form via the integrated system. Therefore, you do not need to attach a transcript.

The requirement to upload a transcript applies only in the following cases:

1. If your cumulative grade point average (cGPA) as of your most recent term does not appear in your application form. Upload your barcode-stamped e-Government (E-Devlet) transcript of records to the online application form.

2. If the cumulative grade point average (cGPA) shown in your application form is incorrect. Upload your barcode-stamped e-Government (E-Devlet) transcript of records to the online application form.

Are there any restrictions regarding the term selection on TURNAportal online application form?

As indicated in the quota list (excel file), there are three scenarios regarding university term preferences:

- Some universities are only open for the Spring term. For these universities, you must select the Spring term when indicating your preference on the Study Mobility Online Application Form.
- Some universities are only open for the Fall term. For these universities, you must select the Fall term when indicating your preference on the Study Mobility Online Application Form.
- Some universities are open for both Fall and Spring term selections. For these universities, you may choose either the Fall or Spring term based on your preference.

When selecting preferences in the Online Study Mobility Application Form, each university should be chosen only once. The same university should not be selected twice for different terms.

Which issues should I pay attention to while applying for both Study and Traineeship Mobility in the same application period?

In the 2026 Application Period, if the student who will apply for both Study and Traineeship activities has not benefited from mobility in previous years, 10 points will be deducted from the Study or Traineeship success score according to the student's preference (there is a question for this preference in the online application form).

In the 2026 Application Period, if the student applying for both study and traineeship activities has benefited from mobility in previous years, “-20” points will be deducted from the type of mobility he / she has benefited from before, and “-10” points will be deducted from the second type of mobility he / she applies for.

In the 2026 Application Period, students who applied to the Study Mobility and Traineeship Mobility Program can cancel their study mobility applications by DELETING them from the system until 02 April 2026 at 16.00, the deadline for study mobility applications. Our students cannot cancel their study mobility applications from 02 April 2026, which is the deadline for study mobility applications, until the Final Study Placement Lists are announced. Students can only cancel their mobility applications after the Final Placement Lists are announced.

Students who apply to both programs are asked which program they prefer to deduct 10 points from during their applications and 10 points are deducted from one of the study or Traineeship mobility points according to the answer given by our students. Due to the above-mentioned situation, since our students will not be able to cancel their study mobility applications within the period from 02 April 2026, the deadline for study application, until the Final Study Placement

Lists are announced, the 10-point deduction they declared in their applications will be applied. We would like to emphasize that our students who will apply for both study and Traineeship mobility should take this situation into consideration and if they are going to cancel their study application, they should DELETE their applications from the system until 02 April 2026 16.00 at the latest.
