Your Beautiful Caribbean Holiday

It is said that for every individual dream of faraway sands, there is a perfectly matching Caribbean island. For centuries, the Caribbean has enchanted and captivated the traveler with the combination of perfect beaches of dazzling white sands, palm trees shaking in the soft winds and a pace of life that is decidedly relaxed. We have selected four of the most popular islands: St. Lucia, Antigua, Jamaica and Barbados.

I. St. Lucia

A mystical island of volcanic mountains, St. Lucia is a charmed and charming place. Its scenic grandeur is second to none: secret bays of deep sand, sky-high mountain sides covered in dense forestry and whole valleys of banana groves make for dramatic scenery and yet they are upstaged for sheer rarity by its most famous landmark- the twin volcanic cones, called the Pitons. With a history as complex as its tropical greenery and perhaps the friendliest people in the Caribbean, it's difficult to know if they are a product of the island or the vital ingredient that makes it what it is. Either way, they welcome the visitor with a refreshing enthusiasm- and a spicy traditional cuisine. St. Lucia is undeveloped (as are its roads and services!) and while it remains unspoilt, it may spoil you for anywhere else.

II. Antigua

It's said that Antigua has a beach for every day of the year and its rocky coastline of deep inlets, long peninsulas and natural harbours certainly supports the theory. However, it's a legend that is difficult to prove, for visitors to the island are so quickly intoxicated with the gentle pace, infectious calm and general contentment, that no-one is inclined to do a count. One thing is certain, the coral island of Antigua has the finest shores of pink-white sand in all the Caribbean. Apart from the beach, there is plenty of sightseeing as Antigua's unsophisticated charm is spellbinding. In the capital, St. Johns, wooden balconies a century old overhang the street and the market is a battlefield where gossip is exchanged with goods.

III. Jamaica

As colourful as its history, as lively as its local reggae rhythm, and as scenic as any island you will find, Jamaica's magical magnet draws eager visitors to its shores in ever-increasing numbers. Woodland and waterfalls, history and tradition, sun and sports, modern Jamaica has it all. The sugar-white sands of the north coast resorts are legendary and bordered with offshore coral reefs, providing a wide choice of water-based activity, from snorkelling to jet skiing, scuba

diving to parasailing. The landscape too, more than simply beautiful, lends itself to recreation. You can climb the watersmoothed steps of Dunn’s River Falls, play golf on a number of world class courses, go rafting on the Rio Grande. So much more than sun and sand, Jamaica is the Caribbean encapsulated, a rich reserve of holiday resorts.

IV. Barbados

As British as cricket and afternoon tea, as historic as piracy on the high seas, as exotic as calypso and coral reefs, as Caribbean as you could wish, Barbados is a matchless mix of sunshine, sport and sophistication. The sunniest in a sea of tropical treasures, Barbados is blessed with beautiful beaches, where, centuries ago, smugglers and pirates used to land. The fashionable west coast is caressed by the cool Caribbean, while the eastern shoreline is battered by the crashing Atlantic surf. Those who enjoy land sports are well looked after, with championship golf and foodlit tennis courts and on warm Barbados evenings the ‘millionaires’ playground’ of the West Indies comes alive with the characteristic music of steel bands, the cool sound of jazz and the more relaxed Latin American rhythms. Yet the island preserves a certain charm, gentility and sophistication, in classical colonial plantation mansions, in old-world values of courtesy and dress code and the time-honoured tradition of taking life slowly, so it lasts longer... Decide that ‘rushing’ is just something they make baskets from and you’re well on the way to discovering the Barbados spirit.

Which island would you recommend for a holiday maker who...

SAMPLE TASK	

Read the text and choose the suitable heading for paragraphs A-E in questions 52-56. (5x2=10 points)

A _____

Although intelligence and the brain have been studied for a long time, there is little understanding of how the brain works to produce intelligence. This has something to do with the fact that the brain contains around 100 billion cells (about the number of stars in the Milky Way).

B _____

One of the continuing myths about the relationship between intelligence and the brain is that the brains of very clever people are somehow physically different from those of ordinary people. At the beginning of the century, an American scientist called E.A. Spitzka produced a list of the weights of the brains of important, well-known men. The heaviest brain on the list was that of Turgenev, the Russian novelist, at 2000 gr. However, the brain of another great genius, Walt Whitman, weighed only 1282 gr.

C _____

There are no significant differences between the intelligence levels of males and females. However, girls under seven score a little higher than boys in IQ tests and Marilyn vos Savant has the highest IQ recorded. Yet, men and women differ in the way they think. Generally, women are more skilled orally and men do tasks better after they see them.

D _____

Also, there are similarities between the brains of all people and computers. Computers can do complicated calculations at unbelievable speeds. But they work in a fixed way because they can't make memory connections. In fact, it is claimed that when it comes to seeing, moving and reacting, no computer can even compete with the brain power of a fly.

E _____

Most of our mental acts are deeply formed habits. Challenging your brain to do things differently helps it develop. Try changing routines as often as you can: take a bus instead of going by car, sit in a different chair. Exercise more. Good health and fitness levels gives you improved energy. Cooking is also good for mental exercise. It challenges memory and gives creative ability. Finally, don't forget to do puzzles and play games.
